The screenshot shows a mobile application interface titled "DOCTOR - PATIENT DETAIL". At the top is a red header bar with a "Logout" button. Below it is a white form area. On the left side of the form is a vertical calendar for Saturday, showing days from 2 to 30. The form fields include:

- Category:** A dropdown menu currently set to "Medicine".
- Suggestion:** An input field.
- Best Date:** An input field.
- Worst Date:** An input field.
- pid:** An input field.

At the bottom is a large red "Send" button.

REAL TIME NOTIFICATION

*Real Time Notification & Communication System
Get Instruction from Doctor*

The screenshot shows a web browser window titled "HealthSCC - Self-care" with the URL "http://www.healthsc.com/". The interface includes a top navigation bar with "HEALTHSCC" and icons for notifications (4) and messages (5). A sidebar on the left lists "Marcel Newman" and four cases: "Case 1", "Case 2", "Case 3", and "Case 4". The main area features a calendar for the month of January 2018, with the 21st highlighted in blue. A callout bubble in the top right corner displays a yellow icon of a deer, the text "Notification from your doctor!", and the instruction "* Come here". A red rounded rectangle highlights this callout. To the right of the calendar, there's a "Detail" section with dropdown menus for "Category" (set to "Symptome") and "Description", and fields for "Start Date" and "End Date".
